

Military Culture Awareness Webinar Options

The webinars listed below offer a wide range of military cultural and related training to help enhance the ability to provide high quality services to Service Members, Veterans, and Families of all eras.

Red Sox Foundation and Massachusetts General Hospital's Home Base Program and the National Center for PTSD

From the War Front to the Home Front: Supporting the Mental Health of Veterans and Families

This online training series helps health care professionals in the community recognize and address the challenges faced by Iraq and Afghanistan veterans and their families. The series is presented free, as a community service. The series features on-demand sessions led by clinician-researchers from Massachusetts General Hospital, Harvard Medical School, and the VA Healthcare System.

Department of Veterans Affairs and Center for Deployment Psychology

The Center for Deployment Psychology (CDP) trains military and civilian behavioral health professionals to provide high-quality, culturally-sensitive, evidence-based behavioral health services to military personnel, veterans and their families.

Military Culture: Core Competencies for Healthcare Professionals

This interactive online training course provides an overview of military culture to include organizational structure, rank, branches of service, core values, and demographics as well as similarities and differences between the Active and Reserve components. It is intended to assist civilian mental health providers in better understanding, communicating and effectively interacting with Service members and their families.

There are four modules in this series. Upon successful completion of the final test in each module, non-VA providers will be given a link to a form to complete and submit via email to EESEPC@va.gov to receive their CEUs.

To find out more about or to register for a session, CTRL + Click on the above Series title.

	CE (select professions)	Cost	Time (hrs)
Module 1: Self-Assessment and Introduction to Military Ethos	2	Free	2
Module 2: Military Organization and Roles	2	Free	2
Module 3: Stressors and Resources	2	Free	2
Module 4: Treatment, Resources, and Tools	2	Free	2

The CDP does not offer CE credits or certificates for the below free interactive online courses. Individuals interested in taking these online courses at a cost for CE credits and a certificate will instead be directed to Relias Learning (please verify your profession's eligibility or CEs before registering (CE information found at each session's web address)).
